

The Canterbury Collection

The Canterbury Collection of vestments is exclusive to Hayes & Finch and is available in the USA via select authorised dealers.

Each vestment in the Collection is made in Dakion fabric, a soft handle, fine woven, crepe polyester fabric. Dakion fabric lends itself to the full-cut styling of The Canterbury Collection, it is flowing, light, comfortable to wear and drapes in soft, gracious folds about the wearer. Each vestment is detailed with a front and back design of either contrasting panelling, or exquisitely worked embroidered motifs in fine threads. Hem edges are narrowly bound in gold binding to enhance the hang of the garment. Each chasuble comes complete with a plain stole (89" total length), and can be complemented with a full range of matching accessories.
