Important Customer Information

The new Hayes & Finch catalogue will be published in January 2012. In the interim this price list should be used in conjunction with the existing (Blue) catalogue for your convenience. The prices listed reflect the price increase applied in September 2011 and the increased VAT in January 2011.

It has been necessary to mark some products (POA) price on application, in particular solid silver items. This is due to the exceptionally high and ever increasing cost of raw materials.

We apologise for any inconvenience that this may cause.
